

TEI Industrial Type Luminaire (Curved Aluminium Reflector)

Application

Industrial luminaires are suitable for factories, electrical rooms, parking areas, and storage facilities requiring durable and reliable lighting performance. The aluminium reflector enhances illumination efficiency and improves light distribution.

Specification

Housing: Die-formed cold-rolled steel sheet 0.6 mm thickness

Finishing: Polyester powder coated

Reflector: Curved 87% aluminium reflector

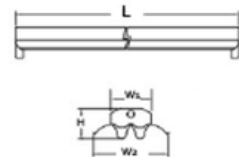

Mounting: Surface and suspension rod mounting

Lamp Holder: G13 spring loaded types with TIS standard

Wiring: THW 1.0 sqmm with TIS standard

Light Source: LED T8 Lamps

IP Rating: IP20

Model	Light Source	Dimensions (mm)			
		W1	W2	L	H
TI-12AJ	1 x LED T8 L 600 mm	120	205	637	96
TI-22AJ	2 x LED T8 L 600 mm	120	205	637	96
TI-14AJ	1 x LED T8 L 1200 mm	120	205	1245	96
TI-24AJ	2 x LED T8 L 1200 mm	120	205	1245	96
