

TEI Industrial Type Luminaire (Curved Aluminium Reflector)

Application

Industrial luminaires are suitable for factories, electrical rooms, parking areas, and storage facilities. The curved aluminium reflector enhances illumination efficiency and improves light distribution. Suitable for environments requiring basic water protection.

Specification

Housing: Die-formed cold-rolled steel sheet 0.6 mm thickness

Finishing: Polyester powder coated

Reflector: Curved 87% aluminium reflector

Mounting: Surface and suspension rod mounting

Lamp Holder: G13 waterproof rotary lock types with TIS standard

Wiring: THW 1.0 sqmm with TIS standard

Light Source: LED T8 Lamps

IP Rating: IP20

Model	Light Source	Dimensions (mm)			
		W1	W2	L	H
TI-12AJ/WP	1 x LED T8 L 600 mm	120	205	637	110
TI-22AJ/WP	2 x LED T8 L 600 mm	120	205	637	110
TI-14AJ/WP	1 x LED T8 L 1200 mm	120	205	1245	110
TI-24AJ/WP	2 x LED T8 L 1200 mm	120	205	1245	110
